PYROIL™ ENGINE FLUSH

DESCRIPTION:

Pyroil Engine Flush dissolves sludge gently. Some engine flushes are too strong and can plug critical oil passages with dislodged particles. Since **Pyroil Engine Flush** contains no chlorinated solvents or low flash solvents, it is safe to use. Infrequent oil changes combined with stop-and-go driving can cause sludge formation which leads to problems such as reduced oil circulation, restricted oil passages, reduced heat transfer, sticky valves, lifters and piston rings. **Pyroil Engine Flush** helps get the most from the oil change. Cleans and dissolves sludge in five minutes.

Part Number	Description	Unit UPC
PYEF30	Pyroil Engine Flush 12/30 oz.	0 28882 10028 1

BENEFITS:

- Dissolves Sludge
- Cleans Engine In 5 Minutes
- Opens Restricted Oil Passages
- Frees Sticky Valves And Lifters
- Improves Oil Circulation
- Dissolves Power-Robbing Deposits
- Cleans Sticky Piston Rings
- Reduces Blow-by Meets

TECHNICAL DATA:

Appearance	Clear, Colorless Liquid
Specific Gravity	0.798-0.818 @ 60 °F
Flash Point, °F	108 ° F (42 °C)
Boiling Point, °F	322 °F (161 °C)
